

Amendments to the Specification:

Please replace the second paragraph on page 8 of the application with the following amended paragraph:

Referring also to FIG. 1[[2]], a printhead bracket 22 is fitted with three pairs of dowel pins 26, 28, and 30, one pair to mate with each of the respective three ball mounts 16, 18, and 20. The dowel pins in FIG. 1 are shown in an exploded configuration; when assembled they are pressed into the three respective pairs of dowel pin holes 36, 38, and 40 in printhead bracket 22 as shown in FIG. 2. Dowel pins 26, 28, and 30 are spaced on 9.5 mm centers and are 3 mm diameter, so the spacing between their inner surfaces is about 6.5 mm. Two of the dowel pin pairs are oriented with their axes in the y-direction, and one pair is oriented in the x-direction.
